Personal Profile:

I am a highly motivated person with an eagerness to learn and try new things. Confidence and organisation are two of the many skills that I have obtained, when I am set a task, I get the job done in an organised fashion and I put my best efforts into it. I am a punctual and versatile person and work extremely well in a team and on my own. Due to my experience working in a care home, I have to interact with people daily, improving my communication skills. I have great experience working with people, disabilities or not, I also know how to handle different situations, having been in so many different ones with my job.

From April 2016 to April 2021, I worked at Conquest Lodge care home on Dagless Way, in March. It is a care home for adults with learning disabilities / mental health conditions, I gained a lot of experience working with people and communicating on a daily basis here. I gained many training qualifications including moving & handling, first aid,

safeguarding, deprivation of liberty safeguards, etc. I then moved from this company to Cambridgeshire County Council at 20 Alder Close where it was the same work, but a respite care home so no 2 days were the same. Due to a change in personal circumstances, I then moved to Tennyson Lodge, which was within the same company, but the hours were more suitable, and this is a day centre for adults with learning disabilities and mental health conditions. From there I became bank staff at Addenbrooke's Hospital, working across all wards, however, alongside this, I also became a teaching assistant working for Grade A Recruitment, and this involved supporting children in their education, whether it was SEN children or not. In September 2022 I joined an Access to Higher Education course in Social Science and Humanities, and I left with a diploma in June 2023, having been awarded a Merit. As of September 2023, I am studying a Psychosocial Studies course at University Centre Peterborough in the hopes of becoming a psychotherapist, working with children and adolescents within a school setting. Finally, in 2023 I became a nursery assistant at Clarence House Day Nursery in Chatteris which I loved, I loved working with babies, toddlers, and pre-schoolers, but due to being bank staff there that has been no hours for me to pick up since July 2023.
