Email address: [amoxtrimis@hotmail.com](mailto:amoxtrimis@hotmail.com)

Ghana College of Physicians and Surgeons certified Specialist Obstetrician and Gynaecologist

Practiced for ten years as a clinician.

### **Personal Statement**

I am a specialist Obstetrician and Gynaecologist who has served in the deprived communities of rural Ghana for a decade. I have also volunteered with the Rotary Club International to offer scarce specialist medical services to communities challenged in terms of access, affordability and availability of these advanced healthcare interventions.

I have aided in training Dutch Tropical Medicine Physicians, medical students and residents in the principles and practice of lean health care management as well as offering a systems-based approach to high value-based cost-conscious care in the resource limited settings. I have personally trained physician assistants, midwives, medical doctors, pharmacists and other healthcare cadre in core competences and international practice of Obstetrics and Gynaecology that lends itself to the best evidence and practice guidelines.

I have been trained in clinical research methodology, information technology with the special emphasis on green and sustainable paperless workspaces in healthcare. I follow avidly

the NHS( National Health Service) challenge of surgical practice to green principles. I am a subscriber to the New England Journal of Medicine and the Fertility and sterility journal of the American Society for Reproductive Medicine.
