SUMMARY

I am a compassionate and dedicated Registered Midwife/Nurse with over 26 years of extensive experience in maternal and child health. A passionate advocate for women's health, I have expertly guided countless families through the transformative journey of childbirth, providing not only clinical excellence but also emotional support and education. My diverse expertise spans high-risk pregnancies, prenatal and postnatal care, and neonatal support, ensuring that every mother and baby receives personalized, holistic care. With a proven track record in both hospital and community settings, I excel in fostering trusting relationships with patients and their families, empowering them with knowledge and confidence. My commitment to continuous learning and professional development keeps me at the forefront of best practices in midwifery, enabling me to deliver evidence-based care while respecting cultural values and individual preferences.
