

**Curriculum  
Vitae  
For  
Tarupiwa M.  
Guri**

## **PROFILE**

I am passionate and a hard worker, who strives to give quality patient care in all fields that I am competent in. I am very friendly, positive, confident, loyal, multiskilled and initiative nurse aid who can deliver excellent patient driven personal and physical care. I consider it a privilege to be entrusted to care for others. I have a passion for mental health awareness and social health awareness. As a teenager I worked with people to bring awareness to children living with autism and how to relate to them. I have excellent home management skills which include creating a safe space in the home.

I worked with vulnerable primary school children for years and have an understanding of the challenges they face due to their disabilities which make them more vulnerable. These are very similar challenges for the adults I care for who have acquired disabilities due to age and disease.
